ENGLISH VERSION

In the dark and twisted cities of tomorrow, corporate Syndicates compete for global dominance.

But in the future there are no board-room deals, no corporate takeovers, no politics - just the dreadful justice of a gun toting machine who knows no remorse.

- Control your team of Cyborgs
- Compete with 8 other Syndicates for control of over 50 territories
- Construct and arm your Cyborg agents
- Living cities with their own infrastructure, police force and transport system
- Stunning sound effects and action-sensitive music
